London Hears Slaves Have Defeated Austrians Badly In Bukovina, But Berlin Claims Report Is Unfounded and Czar Beaten

CANADIANS AT WESTERN FRONT MAKE MORE GAINS

Entente Allies In Levant Said To Have Begun Great Offensive To Cooperate With Forces of Czar Hammering At Teutons

(Associated Press by Federal Wireless.)

LONDON, June 14.—Beating back the Austrians from their positions on the Dneister river in the Bukovina, where they have captured the important towns of Zalesky and Horodanka, the Russians under General Brusiloff are reported to be continuing their advance in the East, while at the Western and Balkan fronts the Allies are preparing to launch a big drive in cooperation.

At the Western front the Canadians have made successful attacks against the German lines near Ypres, where more than 150 yards of Teuton trenches have fallen into the hands of the British forces, after one of the most desperate assaults recently made around that battle-raked city.

Russians Are Hurled Back

Berlin, however, has a different story to tell of the Russian advance. According to her accounting the fighting at the Eastern front has been largely a rearguard action, the Russians have been checked by further attacks of the Austrian armies under General Pflanzer, and hurled back from the vicinity of Czernowitz, and elsewhere in the Northern sectors of the lines in the Bukovina.

Here, says Berlin, the Teutonic forces have succeeded in capturing 1300 Russian prisoners, and a number of machine guns and other booty, with the result of completing felling the Slav plans for the time being in this district. Teutons Reported In Flight

Other accounts, those from Petrograd and Bucharest, tell a radically different story. These accounts say that the Russian "steam roller" is adding daily to the ground taken from the Austrians and Germans, who are reported to be in full flight from their positions on the Dneister river, falling back toward the Pruth river lines, where for so many months the fiercest fighting of the Eastern battlefront took place day after day.

In the vicinity of Tarnopol, however, the Russians admit having sustained a check in their efforts to advance once more upon the city of Lemberg, taken by them in the early days of the war and lost in the great Teutonic drive that sent the Czar's armies reeling back from the Carpathians. In this district, the Austrian reports say, the Teutons have taken a number of important Slav advance positions.

Allies Move In Balkans

At the Balkan front the long-expected allied drive is said to have begun, or to be on the verge of starting. Certain it is that thousands of French and British troops, aided by the reorganized Serbian army, have been gathered near Salonika, and huge masses of munitions of all kinds have been sent to that port, for use in the big offensive.

The Allies have also launched a naval attack, believed to be part of the projected land attack. While the troops are moving toward the Bulgarian border the Entente warships are bombarding the Albanian coast line, from the Gulf of Eno to the bay of Lango.

From Lango to Dedegatch the fire has been remarkably heavy, and the population of the cities are said to be fleeing into the interior.

More German Gains Made

Near Verdun the Germans made additional gains yesterday, although of a minor nature, according to the despatches from Paris. A great concerted attack was launched early in the day, resulting in the capture of some advanced French positions in the neighborhood of Thiaumont farm. In other sectors of the battlefield the attackers were thrown back into their own positions with heavy losses. The bombardment of Fort de Souville and Fort de Tavannes, in the second line of defenses of Verdun, continues with unabated fury, but without results.

The fighting around Ypres, in which the Canadians have again distinguished themselves, has been marked by heavy losses on both sides, but the results have been "most satisfactory," according to despatches from the British headquarters in the field.

Positions Are Recaptured

The positions taken by the Canadians are the same that were captured by the Germans some weeks ago. The British, however, now say that they have been consolidated by the Canadians and are being held firmly despite heavy counter-attacks and a tremendous bombardment from the heavy guns of the Teutons.

At the Italian front, Rome reports successive gains by the Latin legions. The Austrian positions in the vicinity

VILLAGES ROUTED BY YANKEE TROOPS

Big Bandit Body Caught and Forced To Flee Without Their Mounts

(Associated Press by Federal Wireless.)

U. S. HEADQUARTERS IN MEXICO, Colonia Dublan, June 13.—Gen. Pancho Villa's largest remaining armed band of outlaws was completely smashed by a dash attack of American troops near Santa Clara, not far from here, today, according to news which has just come to General Pershing.

Twenty troopers of the Thirtieth Cavalry under Capt. Otto W. Rothert surprised a band of twenty-five Villista fighters with numerous hangers-on and dispersed the band into the broken country near their camp. Three were killed and several others wounded, while every horse which the outlaws had and all the ammunition were captured.

The bandits were pursued so hotly that they could not get their horses and fled on foot into the hiding-places of the hills. The troopers divided into small detachments and pursued the fleeing men for hours.

OWNERS AND UNIONS FAIL TO HARMONIZE

(Associated Press by Federal Wireless.)

SAN FRANCISCO, June 14.—The tension between the longshoremen's union and the shipowners' association has become acute once more and there is a possibility of a resumption of the strike operations.

At a meeting between the employers, the unionists and Federal Mediator White held at San Pedro, California, last night, all efforts to reach some kind of an agreement failed, and the meeting adjourned without setting a date for the next meeting.

In this city the situation is equally acute. Yesterday the owners' association representatives announced that the demand for a "closed shop," made by the union leaders, has been flatly refused by the owners and certain allied lumber interests. This demand is one of the most important issues between the men and the employers.

He said: "It is incumbent upon the Oriental civilization to teach the Occidental the spiritual side of life, in which we Orientals surely lead."

BRITISH OFFICERS PAYING FOR LOYALTY TO COUNTRY

(Associated Press by Federal Wireless.)

LONDON, June 14.—The press bureau last night issued a statement making public the total loss suffered by the Empire in the commissioned personnel of the forces engaged with the enemy on all fronts during the month of April. According to these figures the casualties amounted to 316 officers killed, 908 wounded and forty-nine missing, besides casualties since the opening of the war up to 26,304 killed, wounded and missing of whom 8108 have been reported killed or have died of wounds.

of the mouth of La Garina valley have been taken by assault, with the capture of a number of Austrian prisoners and quantities of munitions and some machine guns. Heavy Austrian counter-attacks have been repulsed. On the Prosina-Astico front the Austrians succeeded in penetrating into the advanced positions held by the Italians, at Molisani, but Rome says that there were later driven out.

Czernowitz May Fall

Special despatches from Petrograd last night announced that it was not then known definitely whether the Russians had been successful in their last attempts to recapture Czernowitz, as the reports that the city had fallen were unconfirmed. It was, however, believed that the city, if not already in the hands of the Slavs, would be soon, owing to the recent defeats of General Pflanzer's armies, and the successful operations of the Russians in the vicinity of the place.

ROOSEVELT SILENT AFTER CONFERENCE

Progressive Leaders May Make No More Until National Committee Meets

(Associated Press by Federal Wireless.)

NEW YORK, June 14.—The political situation as it affects the Republican and Progressive parties has cleared but little in the last twenty-four hours, despite the long conference held yesterday between Colonel Roosevelt and the leaders of the Progressives.

Among those who visited the former President at his office were George W. Perkins, Oscar Straus, Hiram W. Johnson and Chester A. Rowell. The meeting admittedly was called to decide upon the future course of the Progressive party, and Mr. Perkins urged that the leaders wait until the national committee, which is to meet June 26, has had an opportunity to declare the wishes of the party, before taking any action.

Questioned by reporters after the meeting, Colonel Roosevelt simply repeated what he has said before, adding: "I have no statement to make at this time."

CHINESE DEMAND CHANGES IN YUAN CONSTITUTION

(Special Cablegram to Liberty News.)

SHANGHAI, June 13.—After the death of Yuan Shih-kai was announced the military governors of Sze Chuen and Shanai provinces both announced the cancellation of their independence. Citizens of both provinces have made a protest to the governors, asking why they did not confer with the governors of the other provinces before cancelling their independence. Tong Shao Ye, former premier of China and former minister to Washington, representing all the provinces now independent, has requested Li Yuan Hung, temporary president, to cancel the constitution made by Yuan Shih-kai, and to revise the constitution made by the last congress.

This statement contradicts the report of the disaster filed with the Admiralty by Supreme Admiral Jellicoe, in which it was announced that the Hampshire was the victim of a mine.

Before crowded bleachers and a large gathering at the side lines, the Kamehameha Day committee last night gave its pageant, illustrative of scenes in ancient Hawaiian history. Showers of rain now and then interfered with the performance, which was entirely in the open air, and as the costumes of the performers were of light and brilliantly colored material, it seemed likely for a time at the start that the performance would be called off on account of rain. As it happened, the crowd stayed, and even at the end, when the rain began to pour quite heavily, those in the grand stands kept their seats while a chorus of 200 voices sang Hawaiian songs as a finale to the evening's program.
